- ✓ **Massive 50GB per mailbox**
- ✓ **Mobile email 'push' technology**
- ✓ **Shared calendars and contacts**
- ✓ **Public folders and subfolders**
- ✓ **Redundant networks**

## Improve your communications

Hosted Exchange gives you the opportunity to build on your customer service and business efficiency by enabling you to contact, collaborate and share wherever you are and whenever you need to.

# Communicate with Exchange 2013

## New levels of reliability and performance

### Communicate better

Now, more than ever, your business needs cost-effective and flexible communication tools.

With Microsoft Exchange Server 2013 you can achieve new levels of reliability and performance, help protect your communications, and delight your users by meeting their demands for greater mobility.

### Instant email

Email becomes instant with Exchange Server 2013, be it on your desktop using Outlook, or from any web browser through the outstanding Outlook Web Access. Instant email communication extends to your mobile phone too, with synchronised access to your email from most Smart Phones.

### Work together

With Exchange Server, you get to share calendars, contacts and can share documents using public folders across desktop, web and mobile platforms. When people work together, your business runs smoother.

# Why Hosted Exchange?

## Work smarter with Hosted Exchange

### Control your costs

Moving your Exchange environment into the Cloud means you get all the advantages of on-site collaboration, whilst reducing the IT overhead of running on-site Exchange or Small Business Server.

### Reduce installation costs

By switching to Hosted Exchange, you get better control of your costs reducing the need for expensive hardware installations and ongoing maintenance.

### Get more for less

It may cost less to move to Hosted Exchange, but by no means do you sacrifice service and quality. The Hosted Exchange environment is super-resilient, is fully managed, and every email is scanned for viruses and spam before it arrives in your inbox.

# Outstanding service

## Depend on excellent service and support

### Triple hosted

All Hosted Exchange services are triple-hosted. Multilayered systems are located across geographically distributed locations so, in the event of an outage, traffic is switched to a secondary data-centre and services are resumed.

### 99.9% Availability SLA

Ensuring you get the best service, the Hosted Exchange platform will be available at least 99.9% of the time.

### Exceptional Support

We understand how important it is to provide you with support when you need it. You get the back-up of our highly-skilled support team who will help, advise and guide you through the installation and running of your Hosted Exchange services.

99.9% availability

# Safe and secure

For added peace of mind

## Backed-up data

Industry leading cloud-based security and segmentation ensures your data is safe and secure. Data is also backed-up each day on a 30 day retention period.

## Award winning Anti-Spam and Anti-Virus

All inbound email is first passed through our award-winning Email Security system, providing you with outstanding protection for your mailboxes - as standard.

**Start connecting, collaborating and sharing with  
your colleagues and clients**
